LOCATION

THIS CENTRAL LOCATION WILL APPEAL TO A BROAD RANGE OF PURCHASERS INCLUDING OWNER-OCCUPIERS AND INVESTORS.

Situated in one of North West London's most desirable area's within easy reach of Central London, the West End and all the capital's major airports and transport hubs.

NEARBY

Hampstead Garden Suburb is situated north of Hampstead, to the west of Highgate, and east of Golders Green. Located in the London Borough of Barnet in North West London. The "Suburb" (as it is known by locals) expanded to the north of the A1. High house prices and the very small proportion of housing association housing means that Hampstead Garden Suburb has an almost entirely upper-middle class population.

Golders Green is centred on the crossroads of Golders Green Road and Finchley Road. In the early 20th century it grew rapidly in response to the opening of the tube station (which is above ground). It has a wide variety of housing and a busy main shopping street. The area has relatively expensive properties and is noted especially for its Jewish population.
